Game Development Experience

- **Panoptica**
Narrative Designer, Producer Oct 2025 - Dec 2025
 - Created a narrative-driven, point-and-click horror game over the course of 2 months with a team of 4
 - Drafted, iterated on, and implemented all narrative elements within the game
- **Leaves of Fate**
Writer, Composer, Producer Sep 2025 - Mar 2026
 - Developed a narrative puzzle platformer in a team of 12 using weekly sprint structure
 - Followed a strict narrative pipeline to create and iterate on all game dialogue
- **Travelling With Taste**
Producer, Programmer, UI/UX Designer Mar 2025 - May 2025
 - Produced a polished stealth game in a team of 7 students over the course of 7 weeks in Unreal Engine
 - Programmed core game systems and implemented game UI using blueprints
- **Plates of Power**
Writer Sep 2024 - May 2025
 - Drafted and revised character profiles using iterative design
 - Created documentation for the team to use when referencing characters, mechanics, or features

Experience

- **Narrative Design in Interactive Media and Games**
Teaching Assistant Aug 2025 - Oct 2025
 - Lead class discussions and activities
 - Provided feedback on storytelling concepts and analysis
- **Les Paulverizer Website**
UI Programming & Design Sep 2024 - Oct 2024
 - Developed a website in a team of 3 students to interact with a physical Les Paulverizer device
 - Implemented customizable features on the website, allowing a user to upload and configure their own music tracks
- **Mathnasium**
Instructor Sep 2024 - Present
 - Tailored math lessons to students' individual needs, based on skills, confidence, and grade level
 - Coordinated with other instructors to support every student during lessons

Awards

- **Outstanding Junior Award**
May 2025
 - Demonstrated the highest academic performance and commitment to the IMGD community among juniors in the Bachelors of Arts.
